

Karen,

Congratulations on a terrific holiday party yesterday! This was my first time at the CCA holiday party, and I was impressed by the number of attendees as well as the excellent food and location. But most of all I was impressed by the accomplishment of providing gifts to all of the children on the Catholic Charities list. Given the size of the organization, and the inevitable fact that some people will simply not participate, I would never have believed all 100 children could have been served from our organization alone. It is a testament to the members, and especially the leaders who kept up the effort, that the spirit of our industry is truly to help those in need!

Have a very happy holiday,

Sarah Fanger
